FIREPOWER

CYLINDER MOUNTED BLOWTORCH

Bullfinch

PUTTING LPG TO WORK

“Excellent design
with robust engineering
in a highly competitive
package”

Cylinder Mounted Blowtorch - New for 2009

Application

Balanced handling and high-performance enable flexible application range:

- Heating installation work
- Telecom, gas and electrical installations
- General maintenance work
- Silver and soft soldering
- Jewellery work
- Agricultural needs

Features

- Ergonomic lightweight design
- Balanced handling
- Robust engineering (all metal body)
- Longer body for improved reach
- Instant flame by Piezo Ignition
- MAP//Pro or propane cylinder compatible
- Replaceable burner tip
- Ignition button lock for continuous use

Bullfinch cylinder mounted blowtorches work on both propane and MAP//Pro gases and fit most other disposable propane or MAP//Pro cylinders. MAP//Pro has replaced the old MAPP gas which is no longer available. MAP//Pro has a higher flame temperature and better combustion intensity than propane yet propane will enable the user to complete most operations with confidence.

Available as

**FIREPOWER
TORCH**
handle with burner
(3640)

**FIREPOWER
TORCH KIT**
with 400g
propane cylinder (364)

**FIREPOWER
TORCH KIT**
with 399g
MAP//Pro cylinder (394)

Consumption at full rate

Propane 123g per hour MAP//Pro 139g per hour
